# APRIL CHRISTINA BONAS

# APRIL CHISTINA

Photographer: Edward Robert

---

**Age:** 22

**Location:** Burbage, Leicestershire

**Hi, welcome to Elite! Tell us a bit about yourself:** Hey beautiful people I'm April aka Apes - yes I'm called April because I was born in April and yes it's my REAL name (April 2nd). I'm a bit of a loose cannon, I never sit down and I'm never in one place for long. One of my goals in life is to meet the narrator of *Come Dine With Me* and shake his hand for being a ledge! My three main dislikes in life are gobbing up, spiders and lamb – puke. I like anything strange weird and wonderful- if it's normal, it's boring – My favourite colour is green and the weirdest habit I have is drinking tea in the shower.

**How would you describe your style?** I have loads of love for the 90's. However my style is so random depending on the occasion - one day I will rock up in my high tops and some skinny jeans with a bomber jacket – the next I will prance around in platforms and body cons. I have such a diverse group of mates my style always changes – I might buy a different colour onesie for every day of the week saves all hassel. If in doubt – go naked.

**What was it like to work with the photographer on this shoot?** Edward is the sweetest photographer I know – he makes you feel so comfortable, and even his little studio is homely with nothing in it haha. Ed and I work great together as we both love movement and strange uses of space. Hes funny too – he just doesn't know it!

**What was your favourite part of the shoot?** My fave part was in my white vest – as making movement and jumping around without the puppies falling out is very amusing! I'm sure Ed loved it too.

**Outside of modelling, do you have any other passions?** I love to read my kindle and watch movies I'm such a geek! Harry Potter being my fave! I love to party and go mad with my girls and I also like to sing. I trained in classical opera for 10 years and was a Cheryl Cole tribute in Barcelona before modelling!

A woman with long, dark, wavy hair is lying down, looking down with her eyes closed. She is wearing a white dress with a grey pattern. Her hands are resting on her chest. The background is a plain, light-colored surface.

**If you could be one person for the day, who would you be and why?** It has to be Rhianna – let's face it she's killing it for her age and I would get to sing in front of millions of people... then have a mad party anywhere in the world I wanted.

**If you could be a superhero, who would you be and why?** I would be Harry Potter... even though he isn't a 'super' hero, he's still my hero haha. I want to go to Hogwarts and own a wand. I would be able to make myself invisible and that surely has to be the best power ever – god what I would do if I was invisible...

**Where's the worst place you've been?** The worst place I've been has to be Delhi, India – I had peroxide blonde hair at the time and wasn't the most street wise. I was top attraction for the locals – one man even tried to swap me for a bear... wtf!

**Do you have any crazy phobias?** I hate flying! When I sit on a plane I mentally prepare myself to die.

**So how can a guy impress you?** By not trying to impress me, everyone hates a try-hard.

**What is the naughtiest thing you do?** I have a habit of kissing girls – sometimes I forget I'm straight ok!

**What's a guaranteed turn on for you?** Laughter. I love to laugh... and I love a nice accent- a sexy voice is so important ... and he has to have nice hands!

**What's your favourite fancy dress outfit?** An angel of course!

**Finally, is there anything you would like to say to the Elite readers?** Thanks to all my followers and fans, much love to you all and have an amazing year! To all my haters – hate on bitches. Watch this space.

# LEON

**Age:** 20

**Location:** London

**Hi Leon, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:**

Thanks! I'm happy to be here. Well I was born in the states and moved here about 5 years ago. I started seeing this guy about 3 years ago and when we split up I wanted him to know what he was missing so I started modelling haha. Fell in love with it and never stopped!

**How would you describe your style?**

Clothes wise I would say simple and dark with a pair of high heels. I like things to be comfortable but have a flattering fit and black clothes are amazing at making anything look better and tighter haha. Face wise I love the pin up look like black eyeliner and bright red lips but I'm usually too lazy to fuss with makeup so I tend to go au natural.

**What was it like to work with the photographer on this shoot?**

Working with Walnut Wax was amazing. I've know about him for a few years and wanted to shoot with him even before I really started actively modelling so when I saw him at the London Tattoo Convention I was like 'I have to shoot with you!' haha. He's got so much energy and he's such a nice guy so you can go from being really serious one second to just casual chatting and it really adds drive to the shoot. He's also got a really raw and stripped down view of photography, kind of like 'here is a person being silly and having fun and I'm just gonna stand here photographing them'. I love that!

Photographer: Stuart Mitchell / Walnut Wax

---

**What was your favourite part of the shoot?** Probably how much energy Stu had and how easy it was to gather momentum and just run with ideas.

**Outside of modelling, do you have any other passions?** Well I'm a Psychology student so I love all things about crazy people haha.

**If you could be one person for the day, who would you be and why?** I would definitely be the person who wrote the bible so I can kill myself and save the world! Or I'd be Robert Hood just so I can know what goes through his head when he's writing music. That man is one of the coolest people I've ever seen!

---

Photographer: Stuart Mitchell / Walnut Wax

---

**If you could be a superhero, who would you be and why?** I'm really badly versed in all things superhero but I love Scarlett Johansson and everyone tells me I look like her so I'll have to say Natalia Romanova - the Black Widow.

**Where's the worst place you've been?** Paris. So unfriendly and you can't get a fucking cab. That's a big deal for a New Yorker!

**What's your favourite film?** Obviously *Leon* haha. Apart from that *Casino*. I love Sharon Stone even though she's a drug addicted psycho prostitute.

**Do you have any crazy phobias?** Yes actually I do. I'm terrified of the sound of a flushing toilet haha.

---

---

**So how can a guy impress you?** By being nice and being able to hold a serious conversation as well as a nonsensical one.

**What's a guaranteed turn on for you?** My boy bringing me breakfast in bed at am when I have uni and he's got nothing on :)

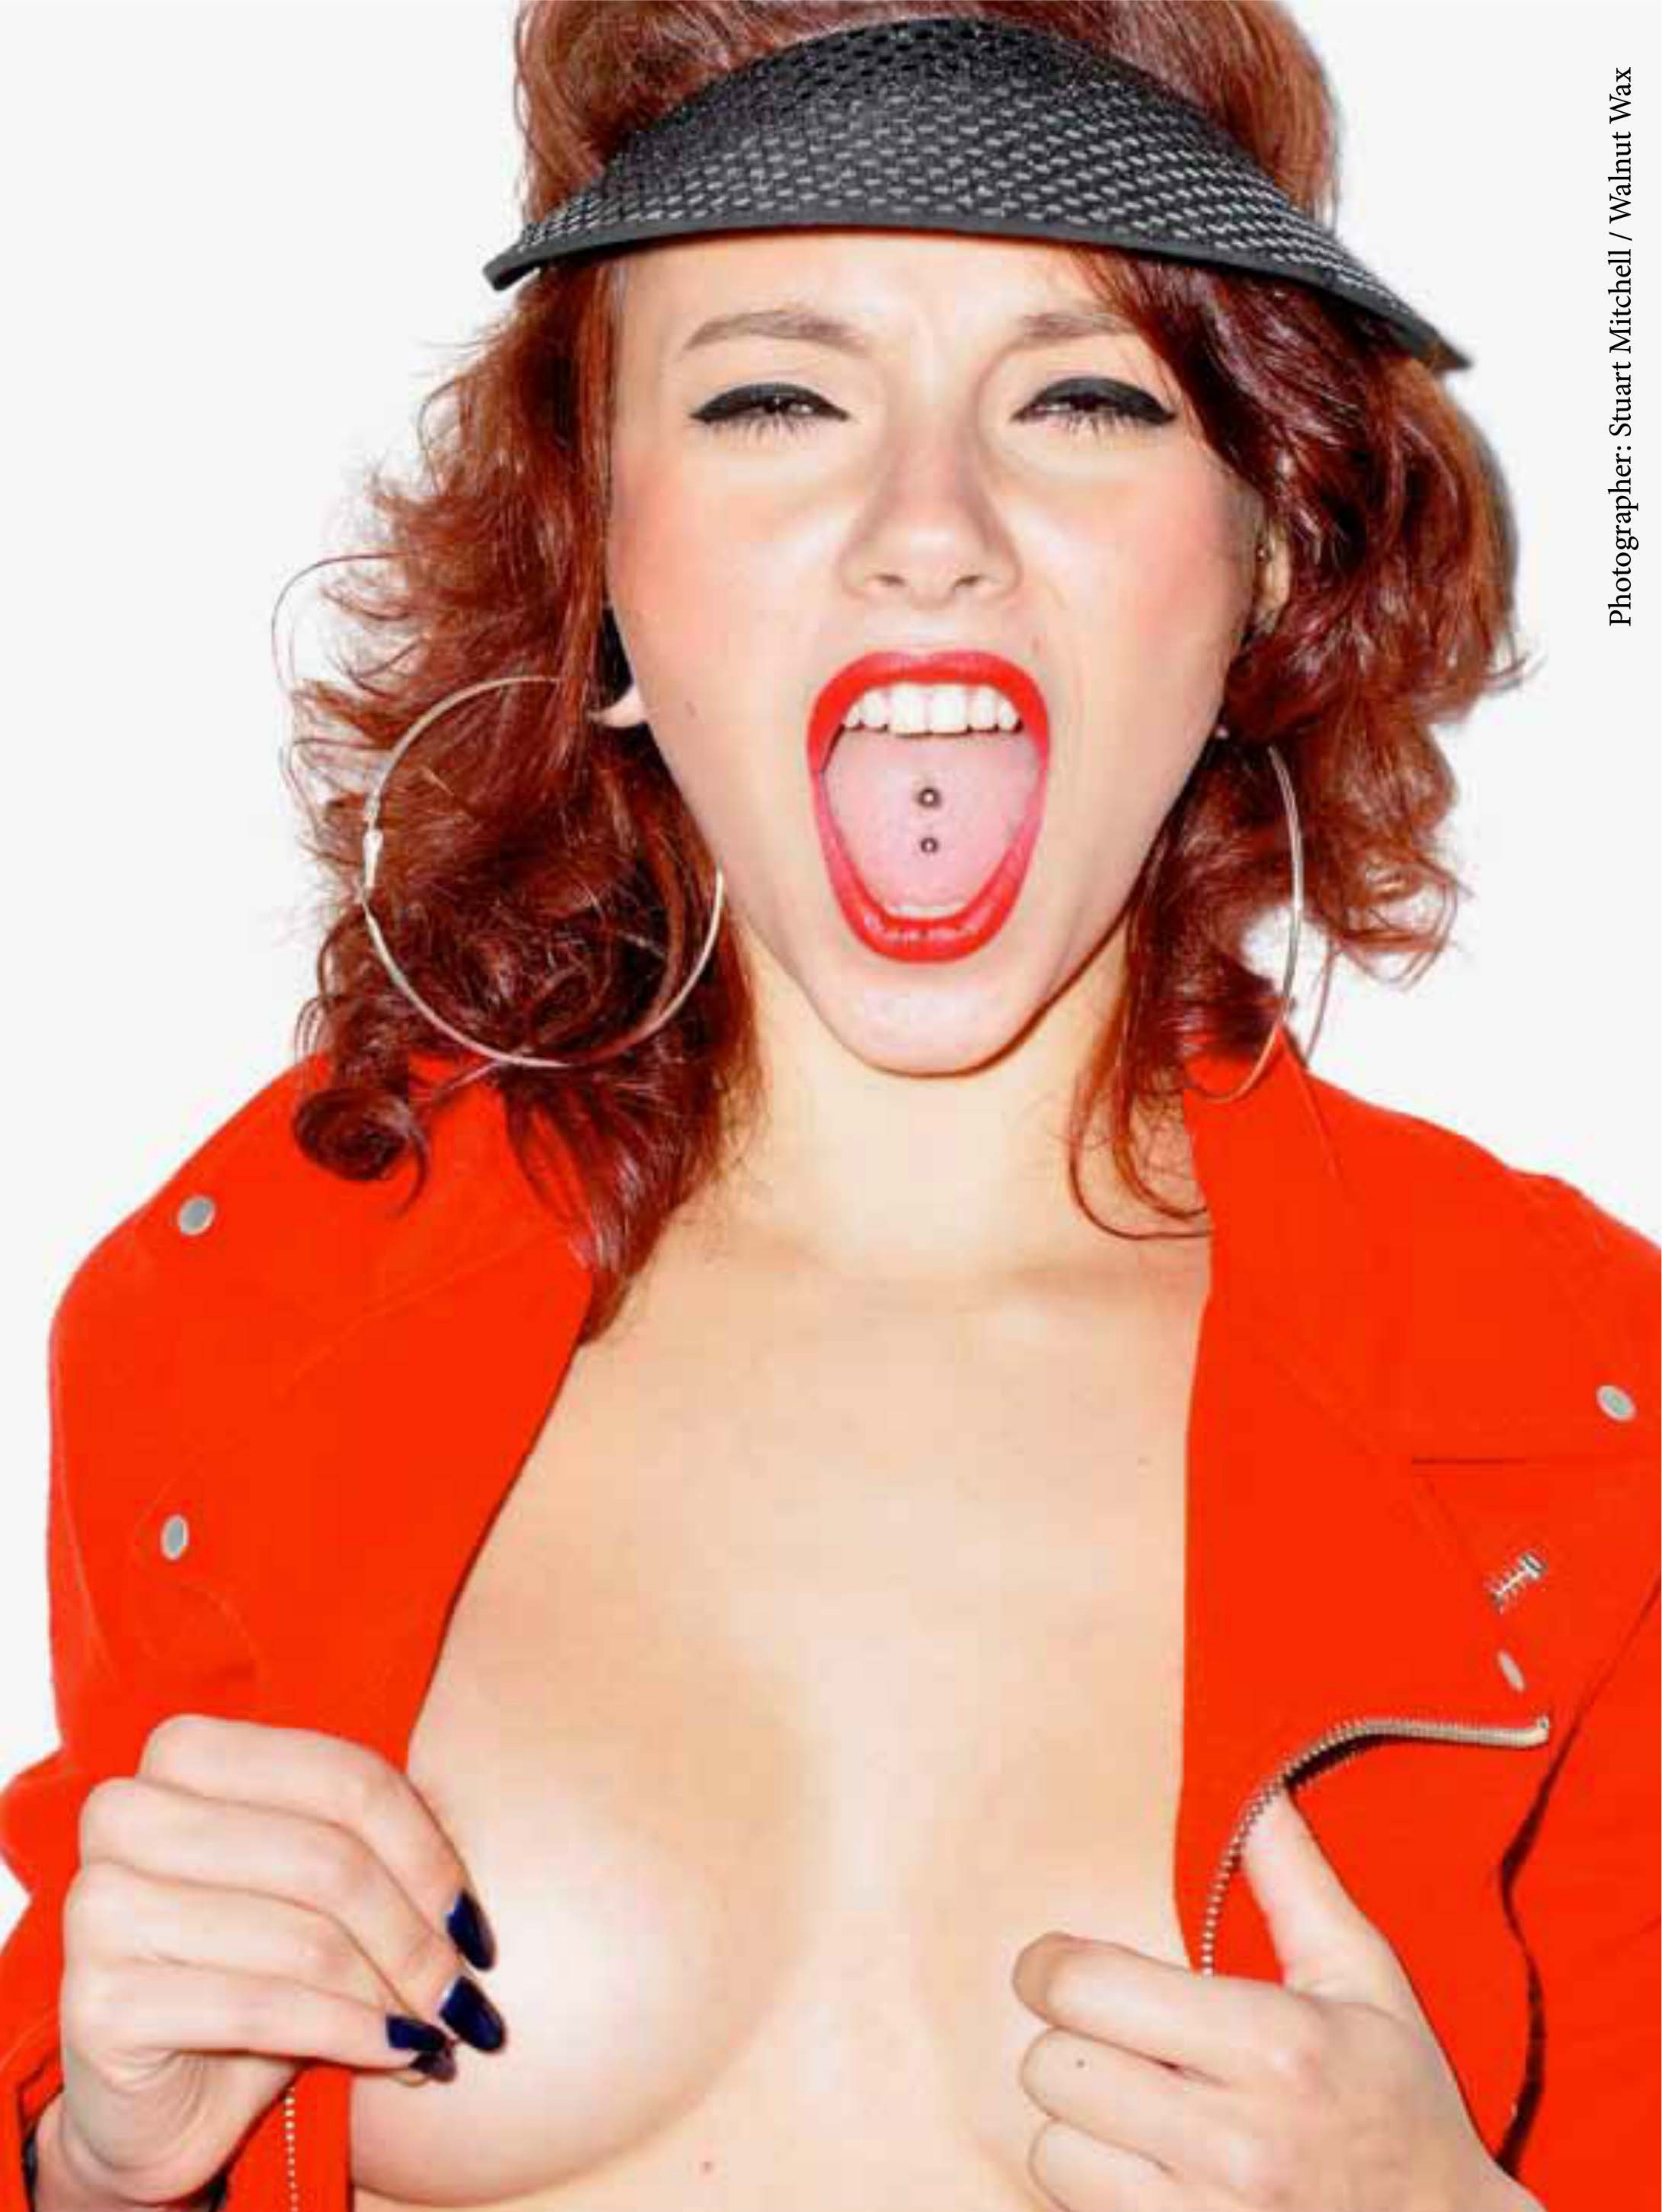

**What's your favourite fancy dress outfit?** I don't play dress up unless it's in the bedroom ; )

**Finally, is there anything you would like to say to the Elite readers?** Thanks for reading my bullshit, follow me on *Twitter* and *Instagram* (@leontattoos) and hopefully I'll see you all soon :)

**I love Sharon Stone even though she's a drug addicted psycho prostitute.**

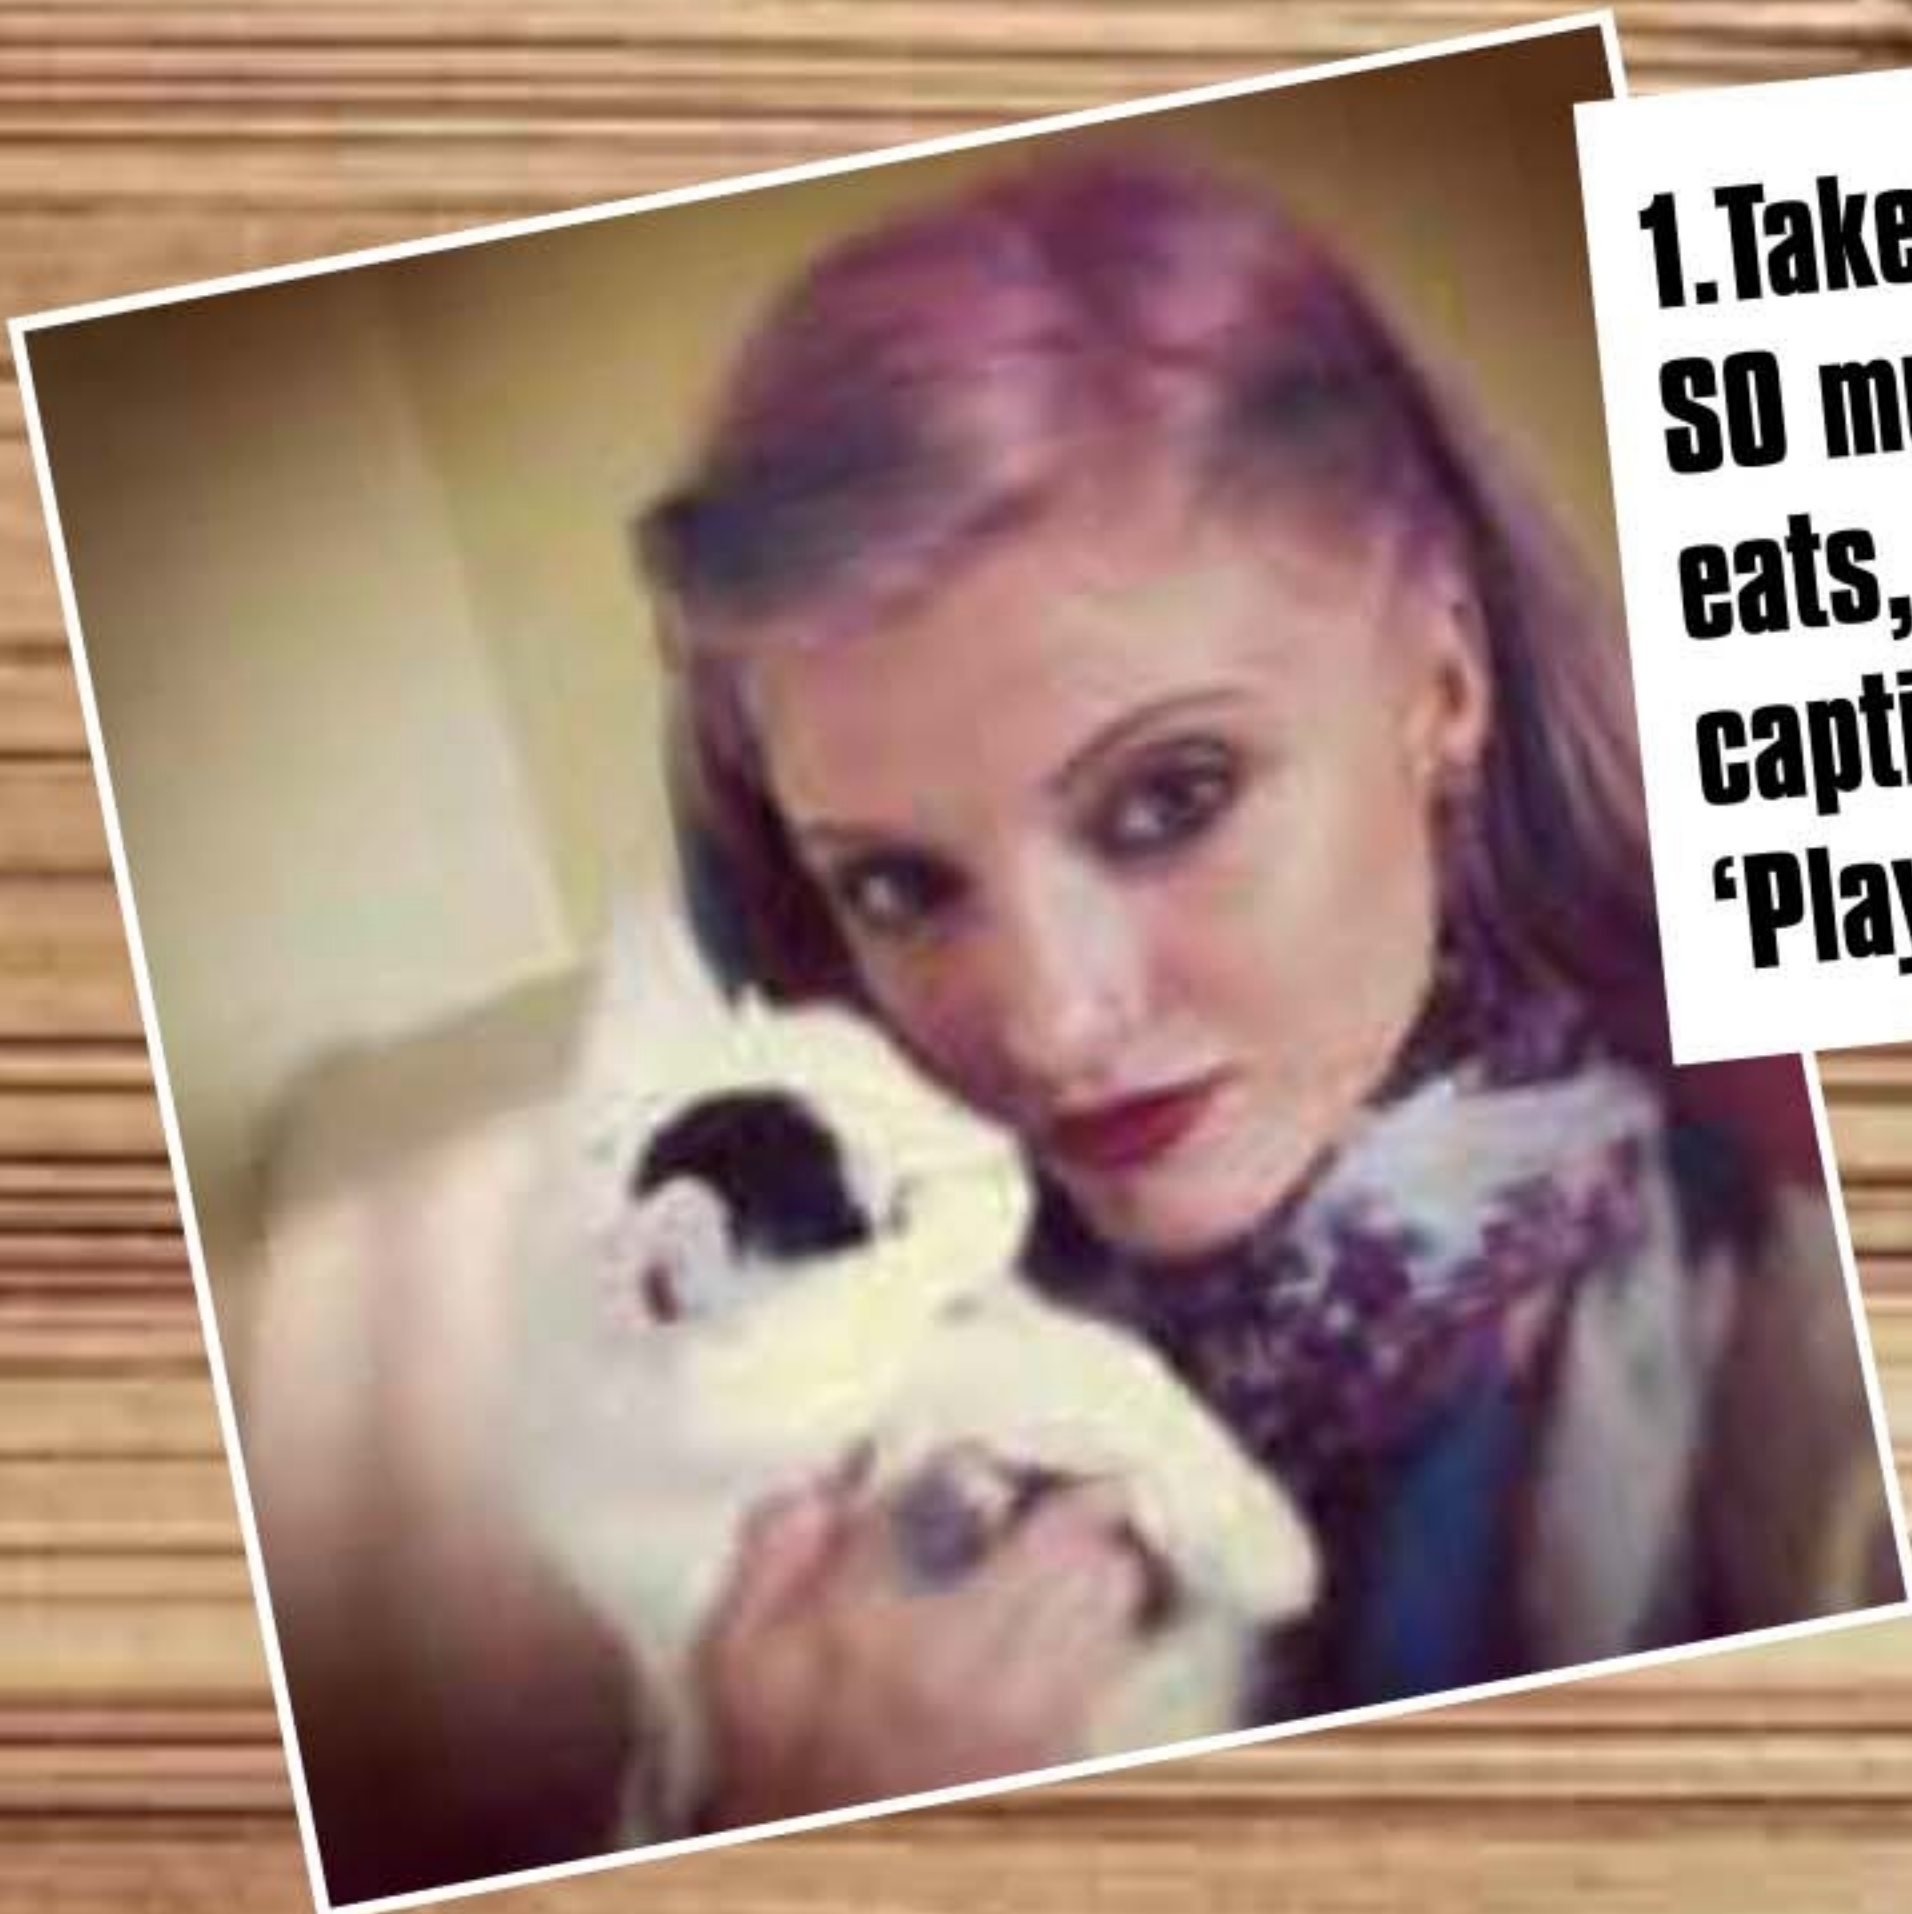

# HOW A MODEL SURVIVES THE TOP TEN

*By Dolly Diamond*

**1. Take plenty of photos of your cats. After all, your cat is SO much cooler than anyone else's. You know, the way it eats, drinks and plays like any other cat. Plus you get to add captions like 'My pussy is purring', 'How cute is my pussy', 'Playing with my pussy' and not be deemed a total ho.**

**2. The FACE photo. You know the one, just a image of your mug just to remind people of what you look like. They're incredibly important. Must upload maybe 3 times a week, just incase anyone's memory is starting to fade.**

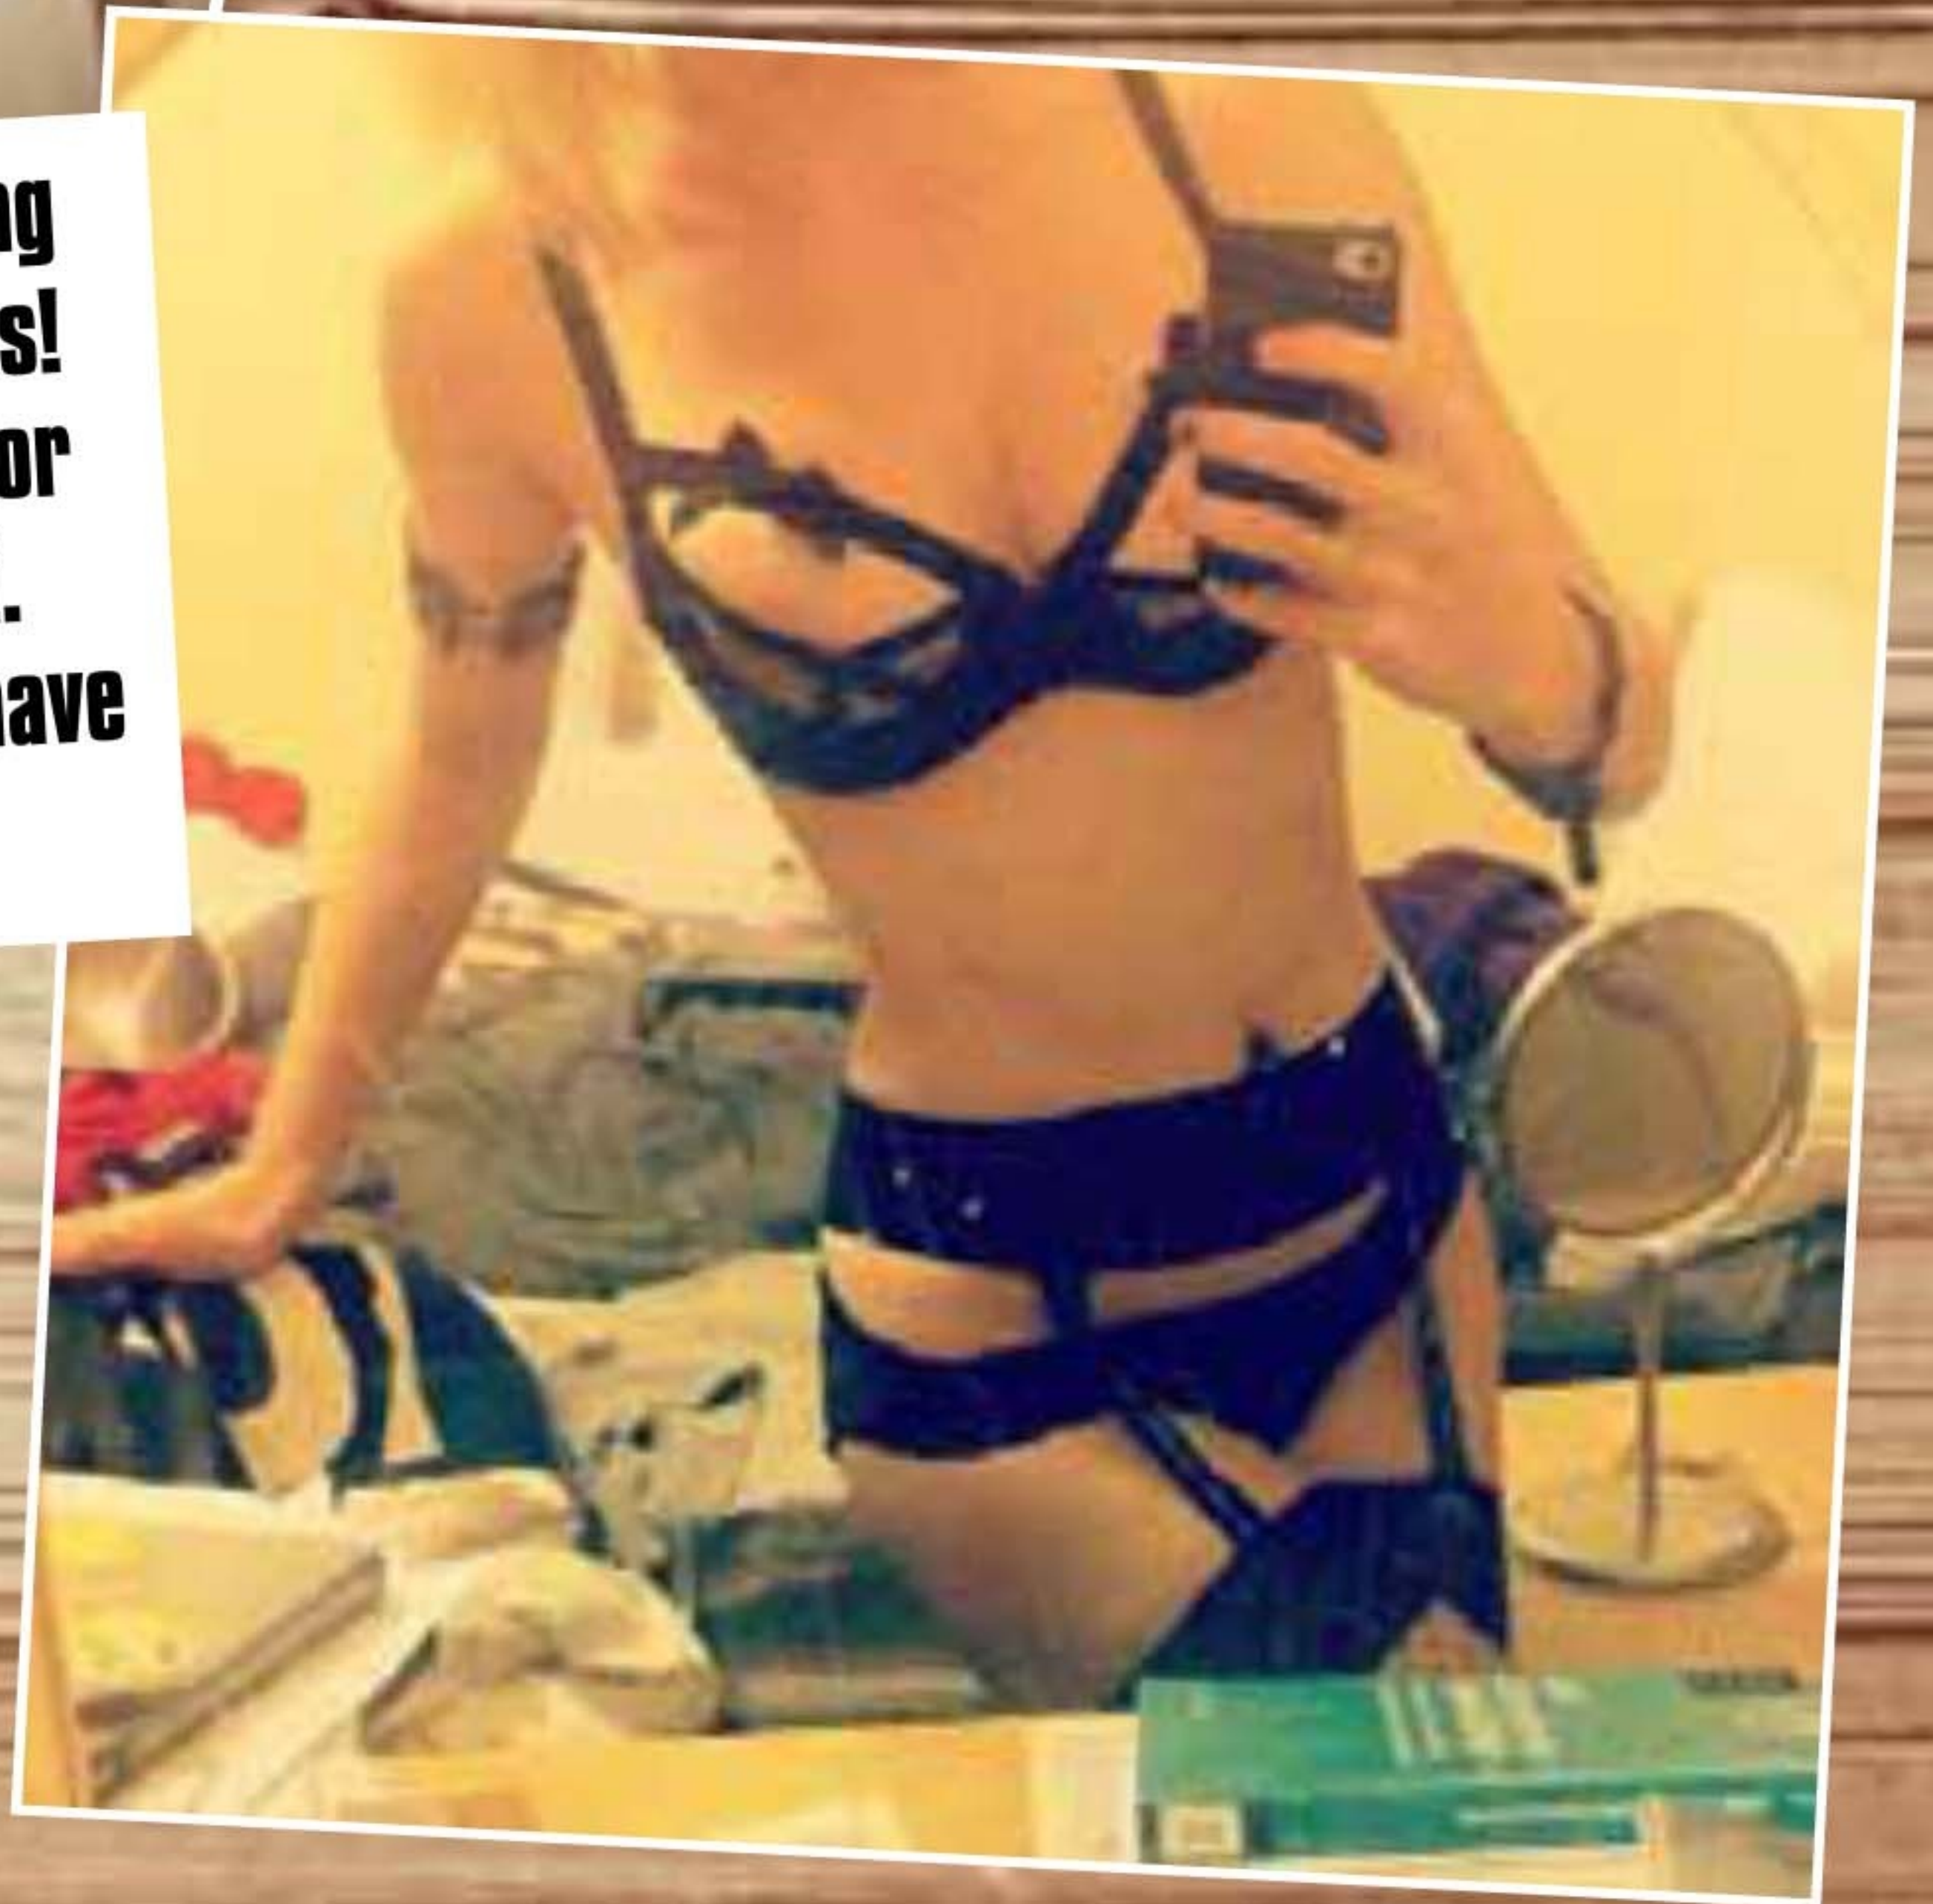

# VES ON INSTAGRAM

**3. Food.** Update this category as much as possible. After all, if you're a model it's best to post HUGE meals up as a way of sticking two fingers up at other models and screaming that you eat 5,000 calories of junk a day and stay incredibly toned and slim. Ice cream, burgers and sweets are likely candidates.

**4. Your latest underwear.** It's great for making people jealous of your new primarni £1 undies! Take it at an angle that makes your butt and/or boobs look incredible, and remember to pout. Do the come to bed with me eyes and you'll have more followers in no time.

**5. Take a picture of your bath** full of bubbles and candles, or better still, one of you **IN** the bath! Everyone really wants to see your grubby bathwater.

# HOW A MODEL SURVIVES

## THE TOP TEN

*By Dolly Diamond*

**6. Upload sneak peeks of your latest shoot, preferably pulling a silly face or showing just how fun and crazy you are on set. It also gives the illusion that your life is incredibly glamorous and fans and fellow models will be ever so jealous of you and they will worship the ground you walk on and comment on how beautiful you are.**

**7. The silly self-portrait. This like the sneak peek of your shoots will portray your fun side. But whatever you do make sure you like stupidly cute or pretty in these, no distorting your face or people might see you have an ugly angle...like a 'normal' person...and who wants that?!**

# LIVES ON INSTAGRAM

**8. Nail Art.** This is a girly one, just to keep up your female followers. Cute animals or big gems stuck on claws are perfect. Maybe a 5ft hello kitty on your little fingernail would be gain the most 'likes'.

**9. The with (insert relatively famous person's name here) photo.** These would be past it's or people that were from that programme a few years ago's brother's nephew. This one isn't so common, but they still exist.

**10. The partying hard photo.** Afterall, you're freakin' wild and a crazy kid off set. Who doesn't love a bit of chronic drunk eye?

**Before anyone gets there knickers in a twist, take a look at my own instagram and I think you'll find I'm mostly taking the mick out of my oh-so-hilarious self.**

# Laurie Williams

**Age:** 21

**Location:** South Wales

**Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:** Hey I'm Laurie, a Welsh gal ;) I have been modelling for a few years now and love it! I'm just enjoying and embracing working with some amazing people, from photographers to other models! It's the 2nd time I have appeared in *Elite* and it's an honour to be back!

**How would you describe your style?** I am pretty versatile - and like to experiment. I am pretty confident with either having a classic look or even being a little crazy and having an edgy look. Whatever works, I'll be there! I'm pretty easy to be fair and happy in my own skin!

**What was your favourite part of the shoot?** My favourite part of the shoot is before it even begins! Having my make up done! I think it's definitely the best part for all models - seeing the transformation and being pampered of course!

Photographer: Glenn Richardson

Photographer: Glenn Richardson

**Outside of modelling, do you have any other passions?** My friends and family. It's lovely to close your door at the end of a busy day and just chill out with loved ones!

**So how can a guy impress you?** First impressions count! A nice smile, big bright eyes and being a gentleman - flowers, chocolates etc... Girls love to be spoilt :)

**What is the naughtiest thing you do?** I am pretty obsessed with taking photos of myself - photos which can never be seen ;) I best not tell you my *Instagram* name!

**What's a guaranteed turn on for you?** I love my ears being nibbled - it might sound crazy but it drives me crazy!

**Do you have any tattoos or piercings?** Yes I have three tattoos and quite a few piercings, at the moment I have them in places where they can be hidden ;) however I am going through a stage where I am just itching to get some more ink.... I absolutely love skulls, they are my guilty pleasure. I have so many skull accessories in my home and loads of skull covered clothing so I may just have to add one to my tattoo collection!

---

**Are you a high heels or trainers girl?** It depends on my mood, I absolutely love my high shoes and love to look glam, however there's nothing better than a slouchy day in your trainers!

**Who would be your ideal housemate?** I'd love to live with a chef! I absolutely love food - all types of food and would love someone to cook for me every day! :)

**Beards - Yes or No?** No! I cannot tolerate facial hair! Unless its for Movember - that is such a fantastic cause!

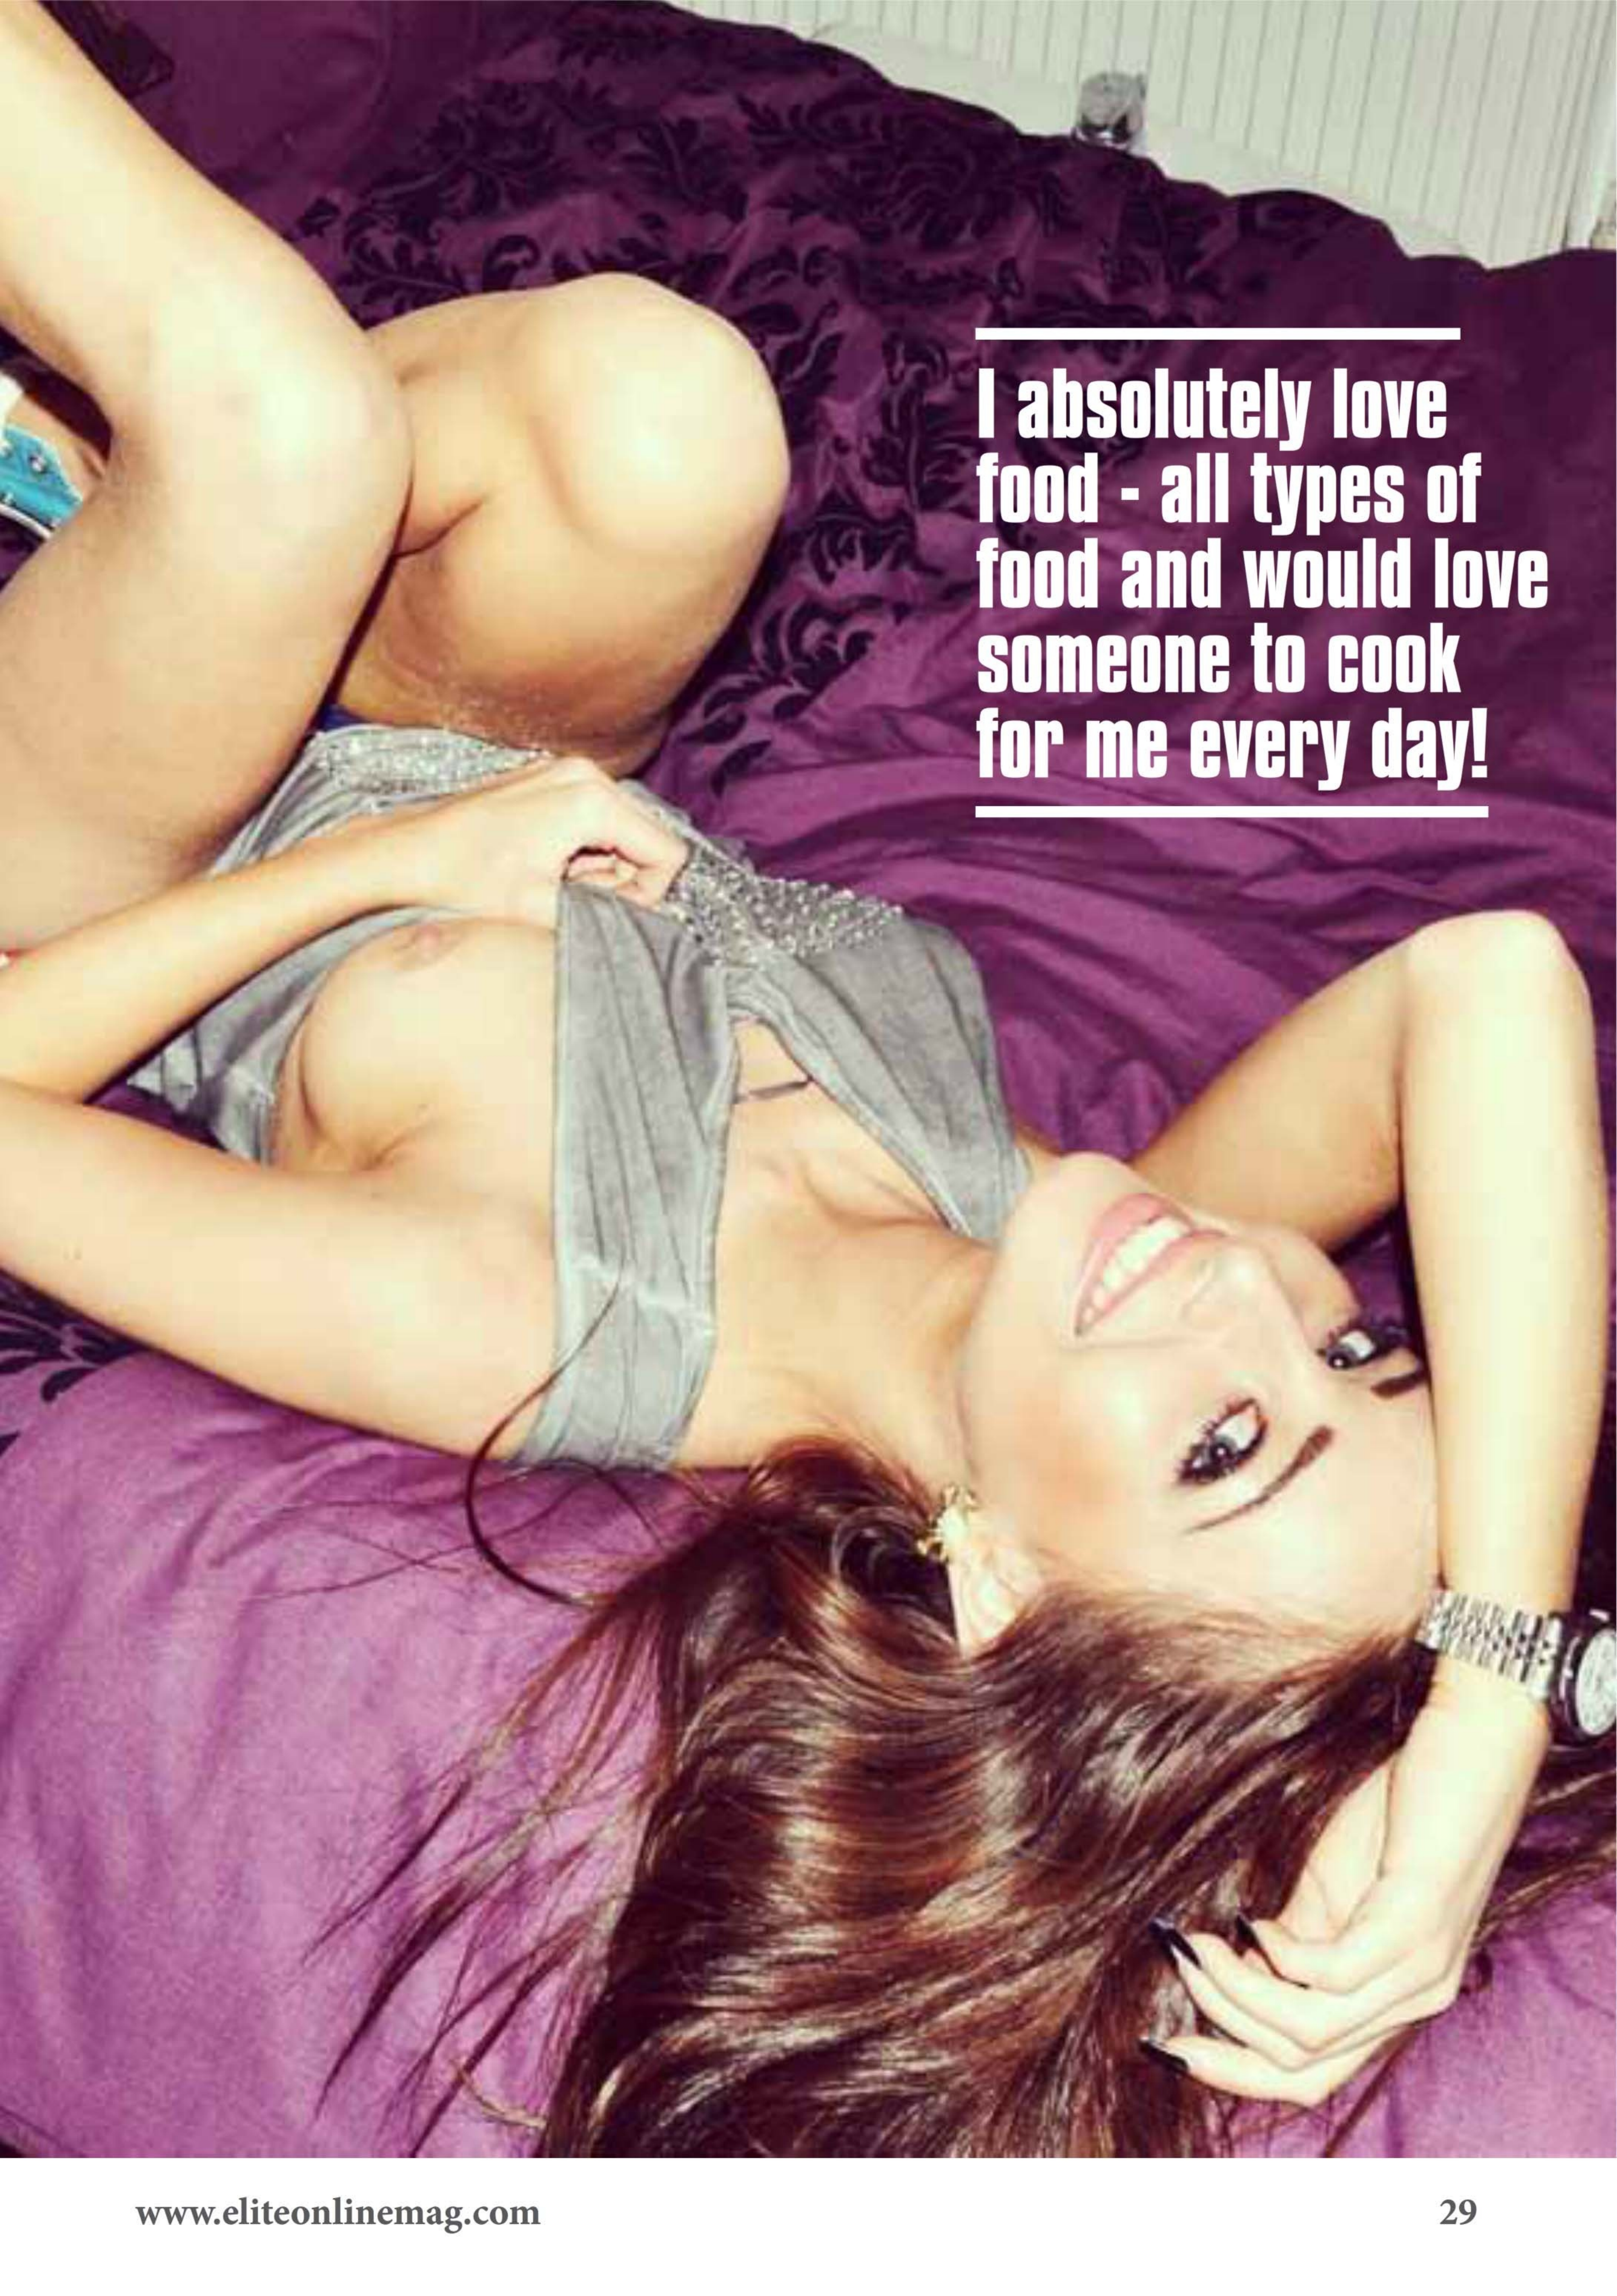

**What's the worst idea you have ever had?** I once convinced my self that my car wouldn't run out of petrol and that I could carry on driving for miles with my petrol light flashing - little did I know! How embarrassing - good job the AA man liked models ;)

**If you could, what would you like to un-see?** I went travelling to Thailand a few months ago and witnessed a woman who was very drunk having a no.2 on the beach - it was not a pretty sight! I wish I hadn't looked that way. I was scarred for life!

**Finally, is there anything you would like to say to the Elite readers?** Thanks for letting me be a part of this months Issue! Have loved taking part - This definitely won't be the last you see of me ;) watch this space x

A woman with long brown hair is lying on her back on a purple patterned surface, possibly a bed or a large rug. She is wearing a grey halter-neck top and a silver watch on her left wrist. She is smiling and looking up towards the camera. Her hands are clasped near her head. The background is a purple fabric with a dark floral pattern.

# BEX TAYLOR IS BACK!

Styling: SMUT Clothing / Photography: Neil Arcus

Age: 21

Location: Sunderland

**Hi Bex, welcome back to Elite! Tell us a bit about yourself and what you have been up to since you last graced our pages:** Wow so much has happened since the last time I was interviewed for *Elite*! Well I'm a published model and recently in the past year I have got into a little bit of presenting and acting too. Also I've been involved in a few music videos, fashion promo videos and also this week I am becoming the face of a Lingerie company's promo video too which I am extremely excited about.

**How would you describe your style?** My style I think has changed quite a lot since last time I was in the mag, I'm a little bit of a goth at heart, I still love my skulls and studs but I also like girly things as shoes and dresses are my real weakness. My styles is greatly inspired by Rihanna and Audrey Hepburn. I love how edgy and sexy Rihanna is but also love the class and also slightly tomboyish look of Audrey. They influence my style a lot and when I see their images they always have the wow factor.

# SMUT

Styling: SMUT Clothing / Photography: Neil Arcus

---

**What was it like to work with the photographer on this shoot?** It was great to work with Neil he is a great photographer, always says it how it is and has great ideas, we have a great chemistry when shooting and know exactly how we want an image to look.

**What was your favorite part of the shoot?** I think one of the funniest parts of the shoot was when doing the Rihanna style image. I was basically naked with fake tattoos on and tit-taped into my leather jacket trying to cover my modesty as well as trying to look sexy, it was a tricky but it most definitely paid off! Also modelling the *Smut* clothing underwear was a favourite too as I'm a fan of their original designs and was a pleasure to be able to model them.

**Outside of modelling, do you have any other passions?** Partying, shopping, going for meals and catch ups. I work most of the time so when I'm not modelling I like to relax and dress down.

**So how can a guy impress you?** Oh this is a hard one, I have terrible taste in men I really do but a guy who is honest impresses me a lot, guys will tell girls anything to get them where they want and someone who is honest instantly gets man points in my books haha.

---

**I was basically naked

# BEX TAYLOR

**Tattoos and  
a sense of  
humor are  
a huge turn  
on for me**

**What is the naughtiest thing you do?** Naughtiest thing I do? I kind of have a naughty dance I do on nights out. Geordie girls have the 'slut drop' and I have my equivalent which is the 'box dance', which is catching on in my social circle. I definitely need to copyright that haha.

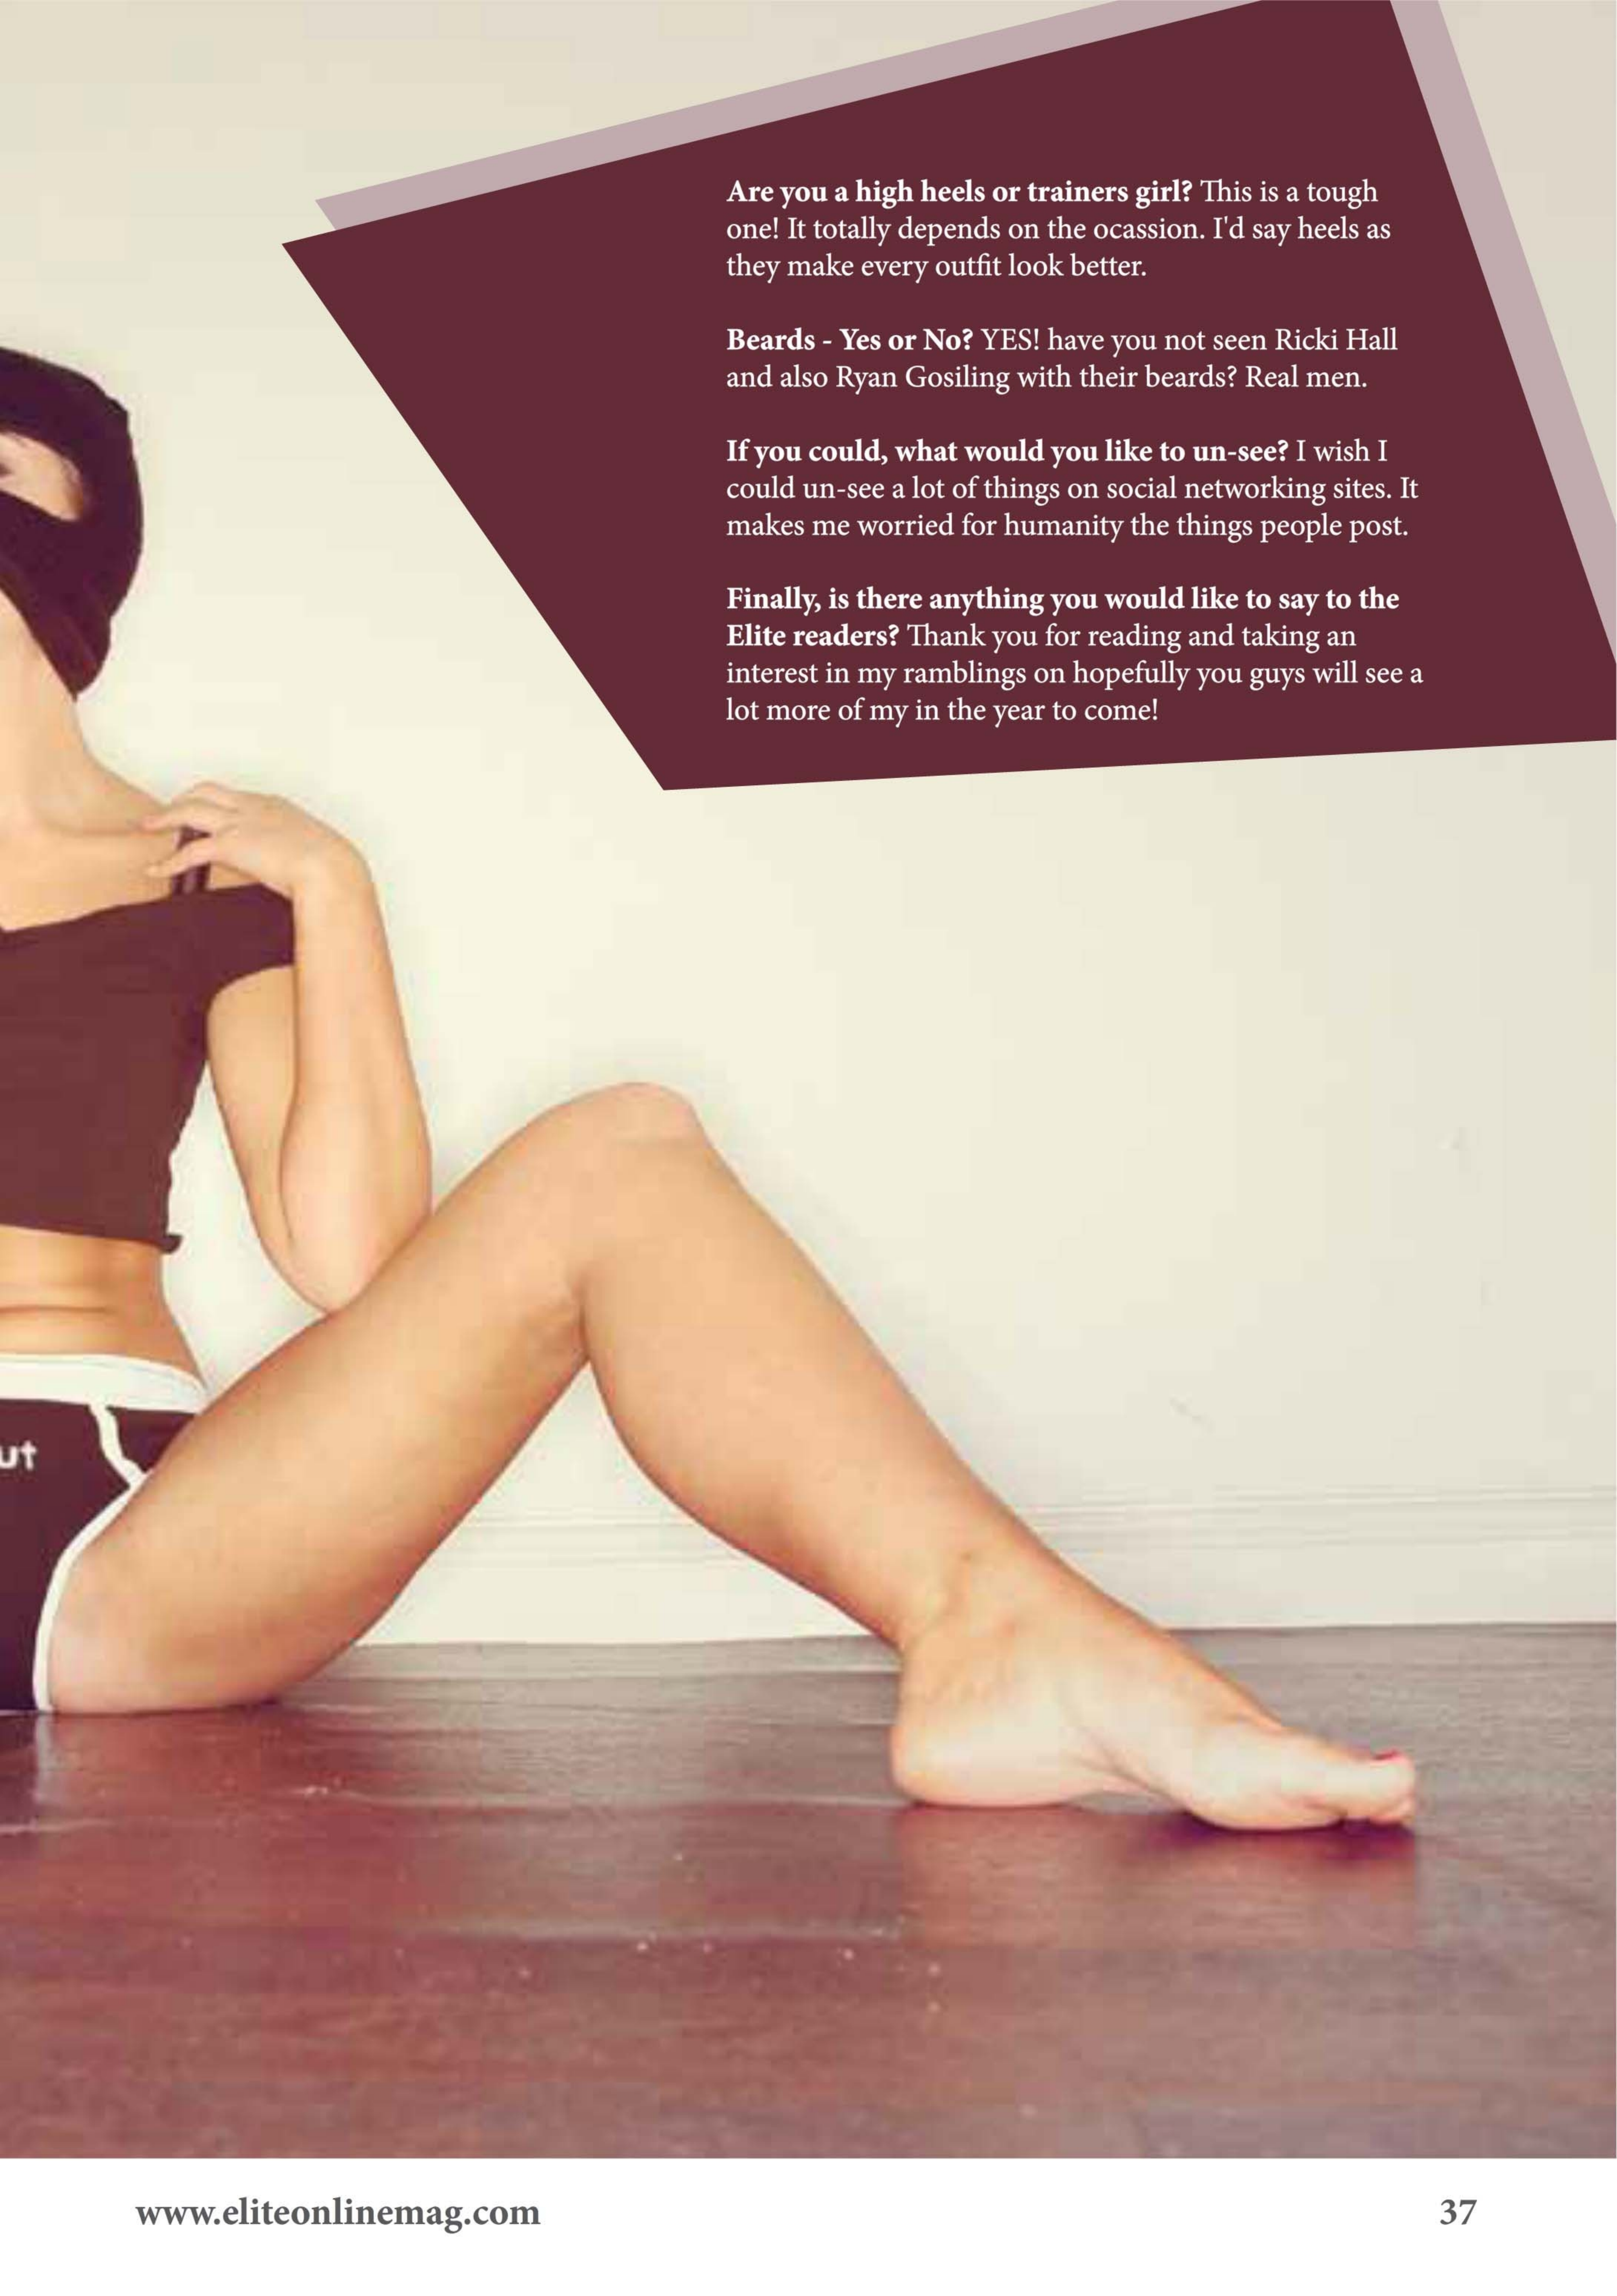

**What's a guaranteed turn on for you?** Tattoos! Tattoos and a sense of humor are a huge turn on for me haha.

**Do you have any tattoos or piercings?** Yeah I have my ears pierced three times on the lobe, conch and tragus and I have a tattoo on my foot and also tattoos on the inside of my fingers too.

*Styling: SMUT Clothing / Photography: Neil Arcus*

**Are you a high heels or trainers girl?** This is a tough one! It totally depends on the occasion. I'd say heels as they make every outfit look better.

**Beards - Yes or No?** YES! have you not seen Ricki Hall and also Ryan Gosling with their beards? Real men.

**If you could, what would you like to un-see?** I wish I could un-see a lot of things on social networking sites. It makes me worried for humanity the things people post.

**Finally, is there anything you would like to say to the Elite readers?** Thank you for reading and taking an interest in my ramblings on hopefully you guys will see a lot more of my in the year to come!

**Hi Verona, welcome to Elite! Tell us a bit about yourself and how you got in to modelling:** It was kind of weird. I used to have really low self esteem after I broke up with my boyfriend and my friend Ruben Suarez (photographer) invited me to his house to do a photo shoot. He said: 'You will see in the photos how pretty you really are'. The photos turned out to be quite good and they helped me to get to do some promotion for FRONT magazine at Hevy Festival. One guy from the magazine asked me if I would be interested in modelling for them and the next thing I was signed with the agency Mode London.

**What was it like to work with the photographer on this shoot?** It was cool! It was easy to work with him and he was very friendly.

**What was it like to work with Jo?** It wasn't the first time I have worked with her. She is like my model sister. I love her so much! It was like to hanging out with your best friend. We had so many laughs!

---

**Verona**

**'SHE IS LIKE

Hi Jo, welcome back to Elite! Tell us a bit about yourself and what you have been up to since we last had you in our magazine: Thanks for having me back again guys! Well as a lot of you know I'm half Spanish, I've been modelling around 3 years and got my first break after being in Playboy, I was Miss Fast Car 2010 and I have been in MAXIM Espanol 3 times since last being in Elite and got my first MAXIM front cover late last year :) I also had my debut in FHM UK in January this year and got to shoot with the amazing photographer Zoe McConnell :)

What was it like to work with the photographer on this shoot? It was really fun working with Graeme on this shoot, apart from being cold in bikinis in the middle of winter haha it was a fun shoot :)

---

Jo

**‘She has  
gorgeous  
eyes and  
great legs!’**

What was it like to work with Verona? So much fun! I love this girl we met on set last year when we were filming for a Don Broco music video and we just always have so much fun together :)

What's Verona's best feature? She has gorgeous eyes and great legs! So that's two haha.

**What's your best feature? I get told my eyes, tummy and bum haha.**

What's Jo's best feature? Only one? She is perfect from head to toe. But if I had to choose one, I would choose her bum. Ideal size and shape.

## What's your best feature? I love my tummy.

What was the funniest thing to happen at the shoot? It was fun when we were doing the USA theme set and we got carried away and ended up with our hands in each others boobies! Haha.

**Outside of modelling, do you have any other passions?** Yes, one of my main passions is music. I actually studied Media and Events Production and I have worked as a Production Assistant in shows and festivals with big names such as Rihanna, Katy Perry, Billy Talent, The Sounds, Fall Out Boy, Simple Plan, McFly, etc.

**So how can a guy impress you?** A guy can impress me with good sense of humor.

**What's a guaranteed turn on for you?** Tattoos. Specially full arms.

---

---

**What was the funniest thing to happen at the shoot?** Me and Nona just kept bursting into fits of giggles all the time. I don't quite know what we were laughing at.

**Outside of modelling, do you have any other passions?** Yes I love the gym, I used to do a fair bit of gymnastics but do more dance now which I really love and it keeps me toned. I'm also training as a beauty therapist and make up artist so I'm really enjoying this.

**So how can a guy impress you?** By being himself, I've been with my boyfriend over 2 years and he's my best friend as well so I guess he impressed me hehe :)

**What is the naughtiest thing you've done?** Hehe too naughty to tell you...

---

**What's a guaranteed turn on for you? I love being kissed and bitten gently on the back of the neck.**

**Are you a high heels or trainers girl?** Hmm bit of both really! I like high heels if I'm getting all dressed up to go out but I like my hi-tops or ugg boots if I'm being casual and just going shopping or hanging out :)

**Who would be your ideal housemate?** Hmm probably someone like Chery Cole as I think she'd just be fun and really interesting, plus I'd steal all her beauty tips hehe :)

**Finally, is there anything you would like to say to the Elite readers?** Thanks for reading, thanks for the continued support to those who follow my career and my fans, it all means a lot to me and hope you enjoy seeing the shoot! :) x

---

**Are you a high heels or trainers girl? I think both options are sexy. It depends on the mood and the situation.**

**What is the naughtiest thing you've done?** Probably when me and my friend Beatriz 'slept' in the same hotel room with two guys. No, it wasn't an orgy! I was on the bed and she was on the floor in the corner of the room. That was a weird and naughty experience. We were laughing for weeks!

**Who would be your ideal housemate?** My ideal housemate would be someone who knows how to have fun but also knows when it's time to be quiet. Also I would like someone who cleans the house please! Yes, I live with three boys now... you can imagine the state of my house! Haha.

**What's the worst idea you have ever had?** There are never bad ideas just lessons to learn.

**Finally, is there anything you would like to say to the Elite readers?** I would like to invite them to follow me on *Twitter @nona\_x* and tell them 'Don't just live to not die, live with purpose and follow your dreams'.

**Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:** I was actually born in Macclesfield (nope not Russia) and I'm currently living in Berkshire and Bournemouth. I enjoy having two homes and being able to move around a lot and explore. I travel up north every two months to make sure I don't get bored with the south! I started out in the industry by signing up to an online portfolio hosting site and it all went from there really.

**How would you describe your style?** Fun, edgy and sexy.

**What was it like to work with the photographer on this shoot?** Really good! It was short but sweet and I think we got some amazing images with the time we had. I love how his style, it's so simple yet effective and I can't wait to work with him again!

**What was your favourite part of the shoot?** Probably when we tried shooting nude but with the storm trooper helmet on haha, it was funny but didn't work quite as well as I pictured it in my head!

**What was it like to work with the photographer on this shoot?**

Graeme was a dude! Down to Earth too which is always a bonus because you get the best kind of pictures when you really get along with the photographer. That's what I've learnt from my experiences anyways.

**What was your favourite part of the shoot?** I digged the Moroccan bar we shot in for location, if I could have I would have taken all of the furniture home and probably the little Italian meal we had at the end man! Tasty as hell. I like my food.
